

Pupil Premium Statement

The Pupil Premium is allocated to children from low-income families who are either currently known to be eligible for Free School Meals, or have been at any point in the last six years, in both mainstream and non-mainstream settings, children of service personnel and children who have been looked after continuously for more than six months. Currently, the amount of funding is £1320 per child who qualifies on the basis of free school meals and £300 per child of service personnel. In line with government guidance, this money is used to support pupils from low income families at Studlands Rise First School.

Following consideration of the available research into effective use of this funding, we use the pupil premium to fund individual and small group support in literacy and mathematics within class but also as booster sessions to close the gap between the children and their peers. Children's emotional and mental health is of utmost importance and therefore money may be used to provide drama or play therapy. In order to raise children's self-esteem and provide a broad and balanced curriculum the funding may be used to provide children with access to extra-curricular clubs or music tuition.
